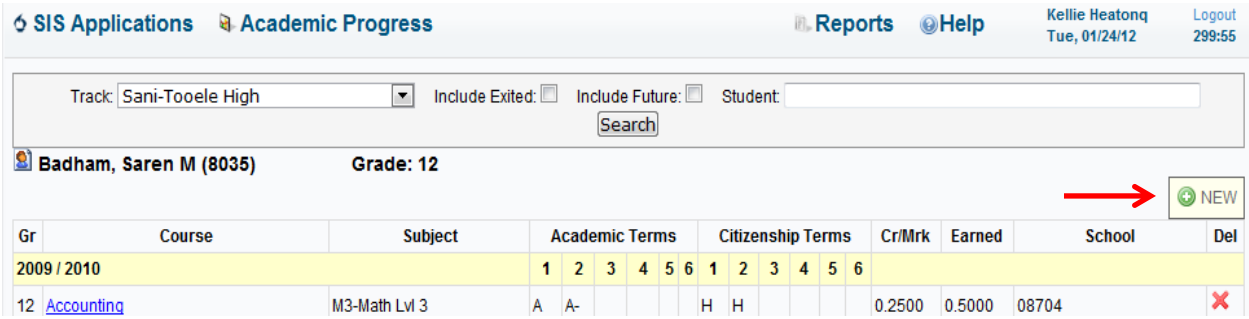
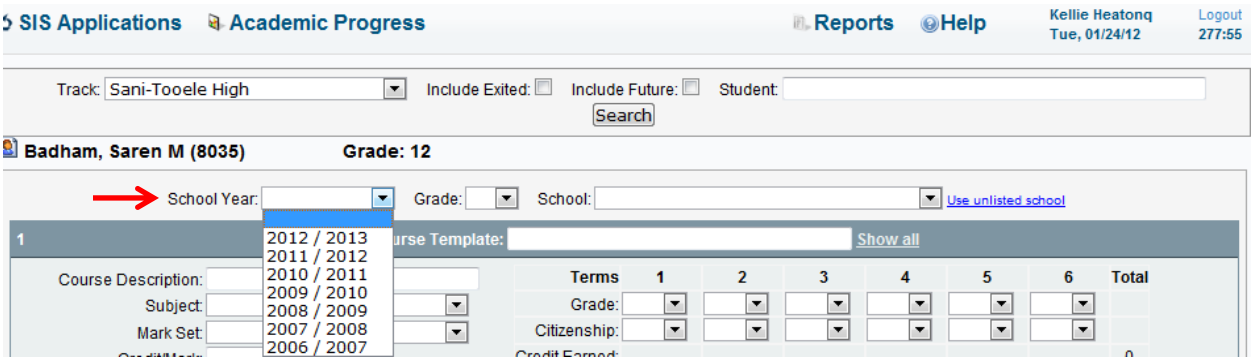
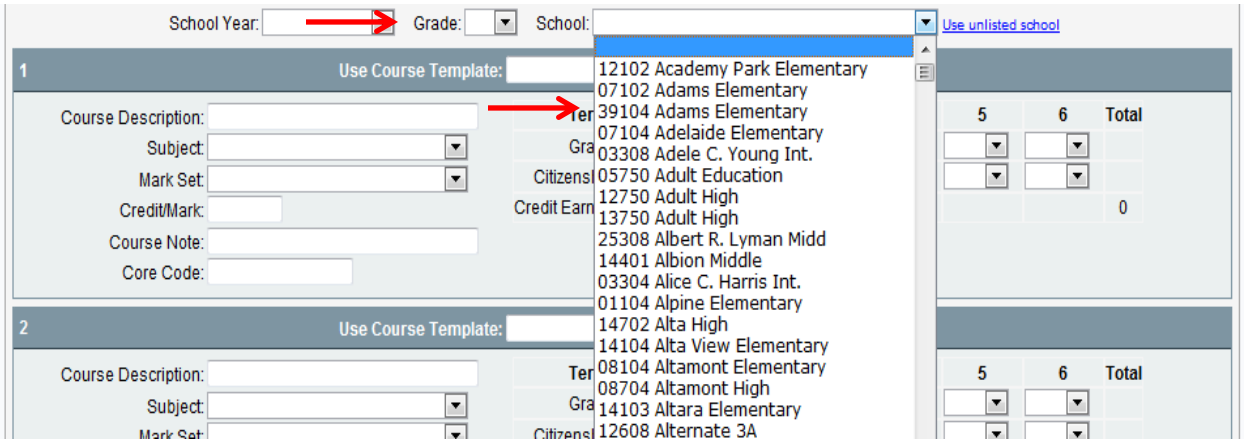
# To add student mark information and course information:

## Select +New:

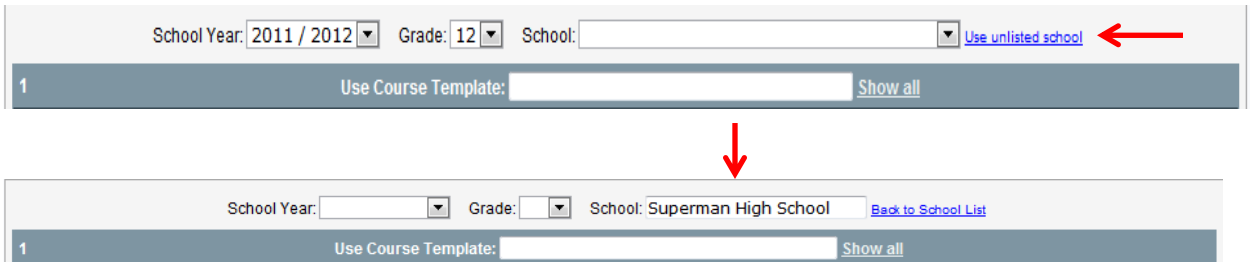


Put in all information: **School Year**, **Grade (level)**, **School Name** where student was awarded the mark and credit from. Continue adding all pertinent information.

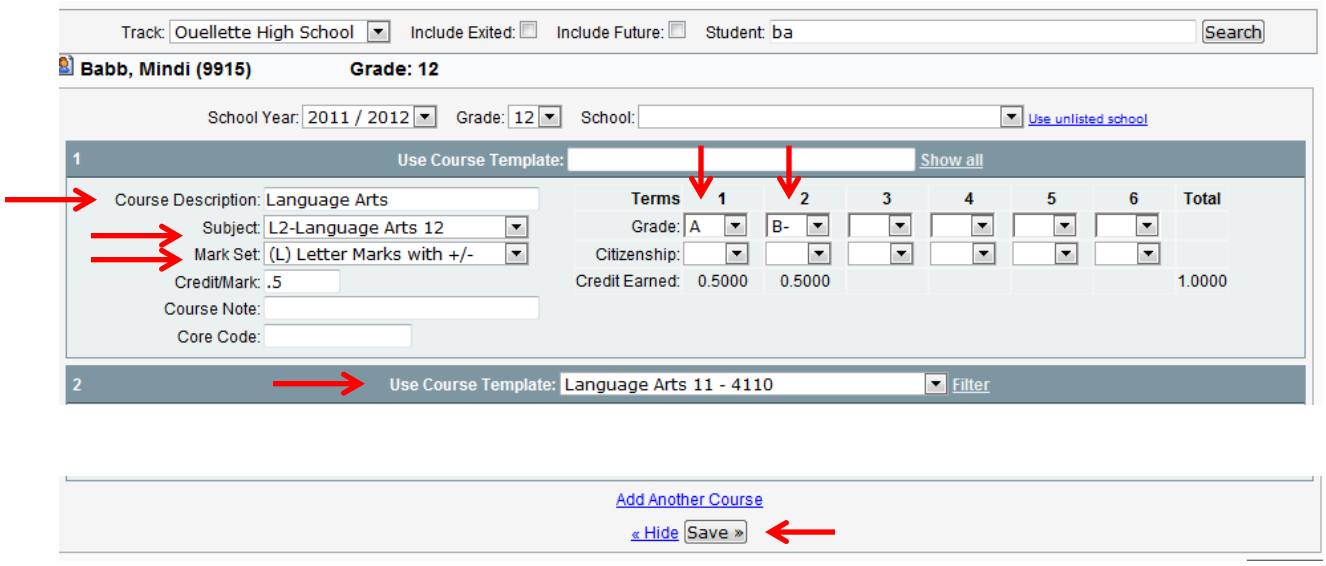




If the school is not in the drop down list, click on ' **Use unlisted school** ' and type in the new school name.



## Fill in all information:



## Multiple course information can be entered and saved.

This added information will be added to a student's transcript information.

**Use Course Template**: will bring in your assigned Subject Codes you have setup in District Courses in ASPIRE FoxPro Client.

For more information about this, please contact your ASPIRE specialist.

## Class Marks Application:

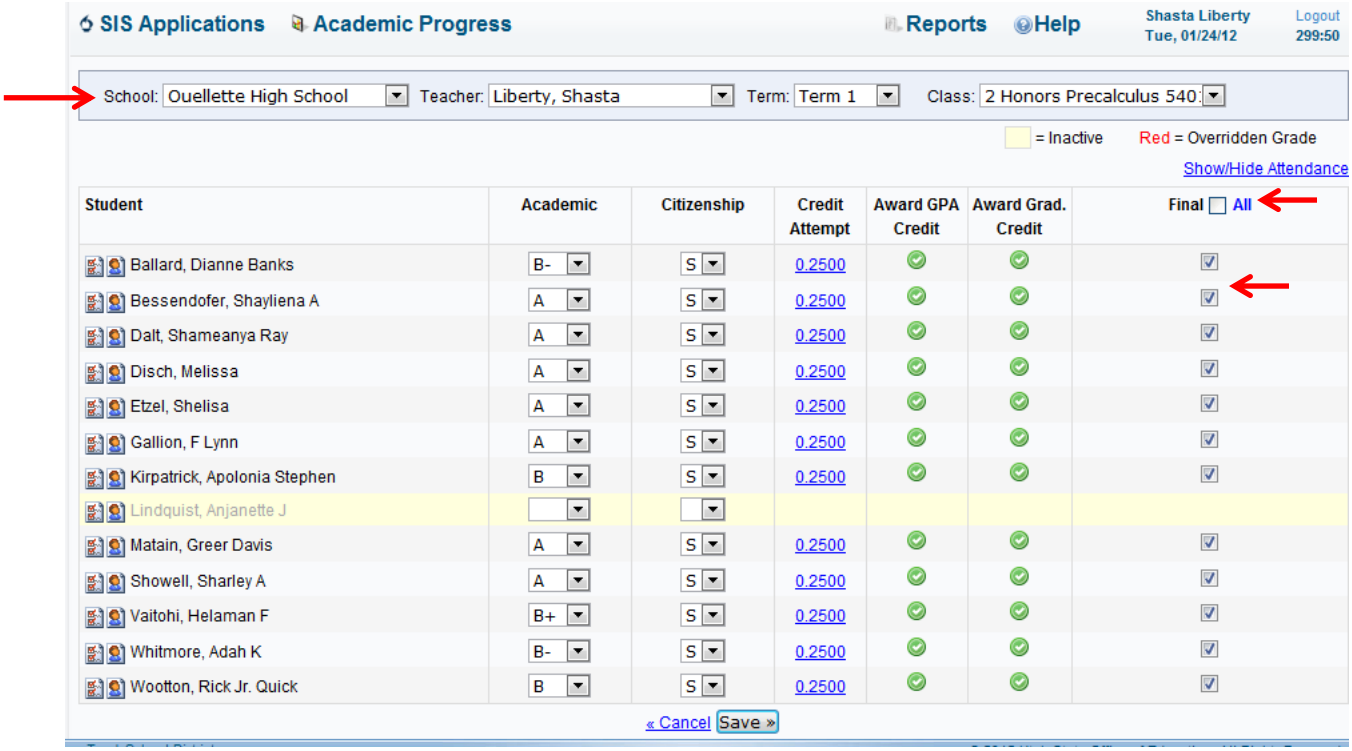
**Class Marks is used by an office administrator to help with a teacher's class marks that were entered in the grade book.**

Select **School**: (applies only for districts with multiple schools)

Select **Teacher**: Select the Teacher you need to unlock or edit Class Marks for.

Select **Term**: Select the Term you need to unlock or edit Class Marks for.

Select **Class**: Select the Class you need to unlock or edit Class Marks for.



Final ☐ All - Posts and Finalizes student marks. If it is **checked**, ☑ this signifies the marks have been posted and finalized by the teacher in the grade book. To remove the marks to not be finalized or posted - uncheck and Save will removed the posting and finalizing of the student marks for that class. Teachers can then go back to the grade book and edit the scores and post marks again.
