Imagine Learning is the right solution for Utah's K-1 literacy initiative

As an educational partner with districts all across the state, Imagine Learning has successfully helped ELL students achieve a higher level of literacy. And now, these same districts are experiencing incredible results with their K–1 students. Make Imagine Learning your choice for the classroom.

Ask about our **Play@Home** feature

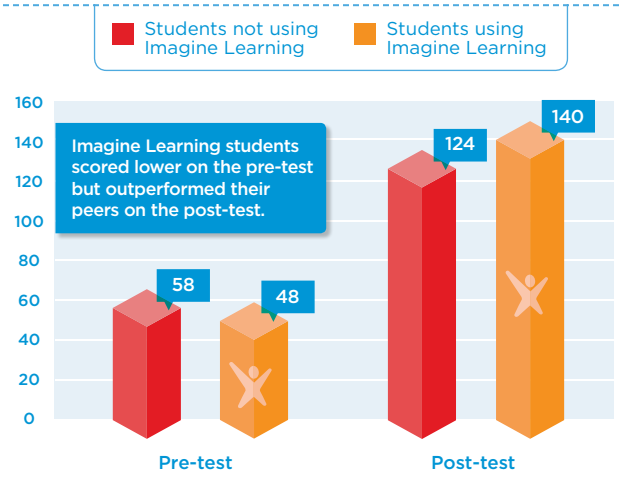
Utah schools already know us—**and love us**!

- Over 500 Utah schools use our program
- Partnered with 37 of 41 district tech departments
- 6 specialists in the field to support and train Utah schools
- Easy to install new licenses—just flip a switch
- More than 4,500 Utah teachers are already trained

Real Results:

Utah students using Imagine Learning outperform their peers by 40%

Utah kindergartners in the Washington County School District who used Imagine Learning gained an average of 92 points on the district's assessment compared to non-users who gained 66 points.



Common Core & MTSS:

Common Core

In addition to our already rich curricula, Imagine Learning includes over 450 new activities that are built specifically for the Common Core.

Our suite of K–1 activities address:

- Phonological awareness
- Comprehension
- Fluency
- Spelling
- Grammar

Multi-Tier System of Supports (MTSS)

Our evidence-based program meets the needs of the individual student through:

- an adaptive placement assessment
- individual curriculum paths that students are assigned to
- detailed reports that provide valuable data
