Utah Effective Teaching Standards

www.uen.org/k12educator/uets

In support of USOE, UEN has posted an online version of the Utah Effective Teaching Standards, support resources and the rubric.

Monthly Highlights

Each month UEN shares events, upcoming broadcasts, professional learning opportunities, eMedia features and UEN staff picks. If you would like to receive these updates, subscribe to the mailing list here:
    http://go.uen.org/4w

or visit www.uen.org/netnews to view highlights from past months.
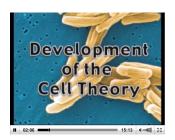

Common Core

www.uen.org/core

This summer UEN added the Common Core State Standards to our core database and then we gathered educators to align lesson plans and educational links to the new standards. We will continue to work with USOE to provide support materials for the CCSS.

eMedia

www.uen.org/emedia

Thanks to the Utah Instructional Media Consortium (UIMC), 100s of new videos have recently been added to UEN's eMedia service. There are now nearly 13,000 videos.

Internet Safety Training

NetSafeUtah.org

UEN's NetSafe Utah project can help schools comply with the CIPA order to educate minors about appropriate online behavior. Visit NetSafeUtah.org to find online resources or to request a presentation for your school.

Apps4Edu

www.uen.org/apps4edu

UEN's new Apps4Edu helps you find educational applications for mobile devices that support the Utah Core Curriculum. The Apps are searchable by keyword or by selecting a core area, grade level, mobile device or price.

UEN's K-12 Resources

www.uen.org/k12educator

You can find all of UEN's K-12 educator resources on this page: uen.org/k12educator/uenresources

Additional UEN News

UEN's new Professional Development schedule will be available on December 1, 2011. www.uen.org/development

The Wimba license ends Aug. 2012. A committee made up of representatives from public ed., higher ed., and libraries has begun the process to select a replacement web conferencing solution.

Utah Education Network is a statewide consortium of higher education, public education and libraries. In addition to broadcast services, UEN's high speed data network connects Utah colleges and universities, school districts and public libraries. UEN services benefit more than three-quarters of a million Utah students, educators and life-long learners.
