

CTE Skill Certificate Test Performance Documentation

This document must be submitted to the test coordinator at the end of testing each trimester/semester.

Instructor's Name: _____ Course: **Advanced Technology Education**
School: _____ Test Number: **611**
Students in course: _____ Date: _____
Students tested: _____
Students who passed performance objectives at or above 80%: _____

This is to *verify* that the students marked **YES** on performance accomplished the following performance objectives at or above the 80% (moderately to highly skilled) level.

1. Create a portfolio that documents:
 - a. The design of a technological product, processor system.
 - b. Evidence of student progress (e.g., journals, sketches, pictures, videos, projects etc.)
2. Build a model or prototype of a product applying design principles (e.g., flexibility, balance, function, proportion, safety, reliability, economic considerations, quality control, manufacturability, and ergonomics.)
3. Research a technological topic using multiple multimedia sources (e.g., Internet, CD-ROM, personal interviews, books.) and present your findings.
4. Participate in a team activity.
5. Use basic production tools, equipment, computer hardware, software and peripheral in a safe and proper manner.

Each performance is documented and kept on file by the teacher for two years.
(Check the documentation method used)

- Class period summary score sheet
- Recorded and identified in the class grade book

Instructor's Signature: _____ Date: _____
