

CTE Skill Certificate Test Performance Documentation

This document must be submitted to the test coordinator at the end of testing each trimester/semester.

Instructor's Name: _____ Course: Collision Non-Structural and
Structural

School: _____ Test Number: 500

Students in course: _____ Date: _____

Students tested: _____

Students who passed performance objectives at or above 80%: _____

This is to *verify* that the students marked **YES** on performance accomplished the following performance objectives at or above the 80% (moderately to highly skilled) level.

1. Understand nonstructural repair preparation.
2. Understand panel replacement and alignment.
3. Understand and demonstrate proper removal and installation of trim and hardware.
4. Understand and demonstrate metal straightening practices.
5. Understand and demonstrate the use of body fillers.
6. Understand and demonstrate MIG (GMAW) welding.
7. Understand and demonstrate the cutting and heating processes.
8. Understand environmental regulations and demonstrate safe practices.
9. Understand automotive finishes.
10. Understand and demonstrate how to prepare the surface of a vehicle for refinishing.
11. Understand and demonstrate how to apply the finish to a vehicle.
12. Understand and demonstrate how to detail a vehicle.
13. Understand and demonstrate how to analyze damage to a vehicle.
14. Understand the importance of employability/work habits.

Each performance is documented and kept on file by the teacher for two years.
(Check the documentation method used)

- Class period summary score sheet
- Recorded and identified in the class grade book

Instructor's Signature: _____ Date: _____
