

CTE Skill Certificate Test Performance Documentation

This document must be submitted to the test coordinator at the end of testing each trimester/semester.

Instructor's Name: _____ Course: Technical Design I
School: _____ Test Number: 540
Students in course: _____ Date: _____
Students tested: _____
Students who passed performance objectives at or above 80%: _____

This is to *verify* that the students marked **YES** on performance accomplished the following performance objectives at or above the 80% (moderately to highly skilled) level.

1. Understand, demonstrate, and apply mathematics and measuring skills.
2. Understand and demonstrate the use of the alphabet of Lines
3. Understand and demonstrate sketching techniques.
4. Understand and develop multi-view drawings.
5. Understand and demonstrate the use of geometric construction.
6. Know and follow ANSI Y14.5 dimensioning standards to apply the appropriate dimensions to drawings.
7. Understand and use 2D/3D computer software to create technical drawings.
8. Manipulate drawings using CAD software.
9. Gain an understanding of Design Technology as a profession and will develop professional skills for the workplace.

Each performance is documented and kept on file by the teacher for two years.
(Check the documentation method used)

- Class period summary score sheet
- Recorded and identified in the class grade book

Instructor's Signature: _____ Date: _____
