

CTE Skill Certificate Test Performance Documentation

This document must be submitted to the test coordinator at the end of testing each trimester/semester.

Instructor's Name: _____ Course: Web Development IB
School: _____ Test Number: 894
Students in course: _____ Date: _____
Students tested: _____
Students who passed performance objectives at or above 80%: _____

This is to *verify* that the students marked **YES** on performance accomplished the following performance objectives at or above the 80% (moderately to highly skilled) level.

1. Use advanced elements of XHTML standards & coding to create "well formed" web pages.
2. Format web pages using CSS sheets, contextual selectors, class & id selectors, along with the div & span elements for formatting and navigation.
3. Plan, design for various OS, add rich media content, document all aspects of the site, and maintain the web site.
4. Understand and use both server and client scripting to create dynamic and interactive web pages.
5. Recognize essential database concepts as they apply to the Web.
6. Prepare a portfolio of projects created.
7. Explore new and emerging Web technologies such as Web 2.0, content management systems, wikis, blogs, forums, etc.

Each performance is documented and kept on file by the teacher for two years.
(Check the documentation method used)

- Class period summary score sheet
- Recorded and identified in the class grade book

Instructor's Signature: _____ Date: _____
