PUBLIC EDUCATION ONLINE
STATEWIDE ONLINE EDUCATION PROGRAM

Changes to the Statewide Online Education Program (*Effective May 08, 2012*)

- **Course Fees** are now tiered, based on content type. Prices are for .5 Credit.
- **CCA Origination** - CCA may originate with either a School Counselor or a Provider.
- **Rejection of a CCA -**
  - Enrollment inconsistent with SEOP.
  - Enrollment is inconsistent with an IEP.
  - Inconsistent with IB requirements.
  - Enrollment is in excess of one FTE, disregarding Release Time.
- **Fee Negotiation -** A primary LEA may not reject a CCA because the LEA is negotiating or intends to negotiate an online course fee with the provider. If a primary LEA of enrollment negotiates an online course fee with a provider *before the start date of an online course*, a CCA may be amended to reflect the negotiated fee.
- **Acceptance Windows –**
  - Provider/ Primary LEA has **72 business hours** beyond notice of a CCA to notify USOE of Acceptance or Rejection, or the CCA is considered to be accepted.
- **IEP/504** - A Primary LEA of Enrollment has **72 business hours** after receiving notice of Provider acceptance of a CCA to forward an **IEP or description of 504 Accommodations** to the Provider.
- **Enrollment and Enrollment Procedures -**
  - **Registration Timing**: Enrollment should enroll during *ordinary* registration processes (spring or otherwise).
  - **Membership/Enrollment "Cap":** A Primary LEA of enrollment must include online course credit hours in calculating daily membership, and a student may not count as more than **one FTE** unless the student intends to complete high school graduation requirements and exit high school early, in accordance with the student's SEOP. A student enrolled in an online course may, in general, earn no more credits in a *year* than a student may earn *in a year* by taking a full course load during the regular school day in *the student's primary LEA of enrollment.*
  - **Excess Credits**: A student enrolled in an online course may, however, earn more credits in a *year* than a student may earn *in a year* by taking a full course load during the regular school day at *the student's primary LEA of enrollment, under either of two conditions:*
    - (a) **Funded:** the student intends to complete high school graduation requirements, and exit high school, early, in accordance with the student's SEOP)*; OR*
    - (b) **Unfunded**: *allowed under local school board or charter school governing board policy.*
  - **Course Cap:** 2.0 Credits unless LEA or State Board of Education finds more courses to be in "best academic interest" of student.
  - **Release Time –** Enrolling students may not be counted in membership for a Released-Time class, if counting the student in membership for a released-time class would result in the student being counted as more than one FTE.
- **Adding –** Student may drop a traditional classroom course and add (substitute) an online course by your LEA's same established deadline for dropping and adding a traditional course.
- **Withdrawal -** Students may drop an online course for 20 school calendar days after (a) semester start date; (b) enrollment if this occurs later; or (c) a second semester start date.
