*This Incident Data Model Form provides you with current federal definitions as you enter student discipline data into your SIS system. Entering student discipline data is a mandatory process based on Utah State Education Board Rule. (Utah Administrative Code R277-484-3 (2)). USOE will provide you with the necessary resources to help you enter your data and information accurately and correctly.*

### **Number of days removed?**

*Any* instance in which a student with a disability is removed from his/her educational placement for disciplinary purposes. In all cases, this is the number of school days. So rather than placing a student in an alternative placement for one year, the number of days would be 180.

### **Was this a Hearing Officer removal?**

Those instances in which an impartial hearing officer orders the removal of a student with disabilities from their current educational placement to an appropriate alternative educational setting for not more than 45 school days based on the hearing officer's determination that maintaining the student's current placement is substantially likely to result in injury to the student or others.

### **Was this a suspension or expulsion?**

**Suspension** – Instances in which a student is temporarily removed from his/her school to another setting. This includes both removals in which no IEP services are provided because the removal is 10 days or less as well as removals in which the student continues to receive services based on his/her IEP because the removal is more than 10 days.

**Expulsion** – An action taken by the LEA removing a child from his/her regular school for disciplinary purposes for the remainder of the school year or longer in accordance with local educational agency policy. Include removals resulting from violations of the Gun-Free Schools Act that are modified to less than 365 days.

### **Was this an in school or out of school suspension?**

**In-School Suspension (ISS)** – Instances in which a child is temporarily removed from his/her regular classroom(s) for disciplinary purposes but remains under the direct supervision of school personnel. Direct supervision means school personnel are physically in the same location as students under their supervision.

**Out-of-School Suspension (OSS)** – Instances in which a student is temporarily removed from his/her regular school for disciplinary purposes to another setting. *For OSS, you must select if the student is suspended with or without services.*

### **Were Special Education services offered?**

Did the student subject to disciplinary action continue to receive educational services, so as to enable the student to continue to participate in the general education curriculum and to progress toward meeting the goals set out in the students' IEP, although in another setting.

### **Was the incident referred to police?**

Under circumstances amounting to an incident of illegal behavior, a referral should be made to local law enforcement. If you have information about the department (homicide, drug, truancy), officer or case number, please include it on the incident and offense reporting form.

### **Was the student referred to court?**

If the student is referred to a specific program such as Youth in Custody or a District Youth Offenders program, please indicate the name of the program. *It is a "yes/no" flag. Yes if they were in the following programs...*

### **Was the student referred to an alternative program?**

Placement of a student into an educational program located outside of the student's regular school. Examples include alternative education setting (AEC) or alternative schools.
