

Advanced Interior Design

Levels:	Grades 11-12
Units of Credit:	0.50 to 1.00
CIP Code:	20.0501
Core Code:	34-01-00-00-010
Prerequisite:	Interior Design I & II
Skill Test:	None

COURSE DESCRIPTION

This course provides students the opportunity to develop advanced skills in applying the elements and principles of design to interiors. Portfolio projects are integrated throughout the course to provide applications as the students continue their study of floor plans, color schemes, lighting, textures, fabrics, and furniture design and style. Appropriate computer design programs are used in this course. The students will explore the various career opportunities related to interior design. A coordinated project that allows applications of interior design skills in a residential, commercial, or school setting may be a component of this course. FCCLA may be an integral part of this course.

For specific information regarding this course, contact the Utah State Family and Consumer Sciences Education Specialist.
