

Agricultural Education

Connecting
High School to College and Career

PATHWAYS

Agriculture is the nation's largest employer, generating approximately 20 percent of our nation's gross national product and 20 percent of our national employment. Check out the six Pathways in Agricultural Education.

- > Agricultural Systems Technology
- > Horticulture Science & Management
- > Natural Resources Science & Management

- > Production/Processing Animal Science
- > Production/Processing Plant & Soil Science
- > Production/Processing Science & Management
