

Connecting High School to College and Career

Career and Technical Education (CTE) provides critical learning and hands-on skills through Career Pathways within eight Areas of Study. Students who focus on a Pathway acquire the skills necessary for entry into well-paid careers with high potential for rapid financial growth, increased levels of responsibility, and a high degree of personal satisfaction.

CTE Pathways:

- Will jump-start your future career.
- Will give you unlimited opportunities.
- Will help you plan for life after high school—before graduation.
- Will save you time and money.

What is a Pathway?

- A Pathway is a sequence of courses within your area of interest.
- A Pathway will connect your career interests from high school to college and/or career.
- A Pathway will help you acquire the depth of knowledge and skill linked with specific postsecondary programs that will lead to a certificate or degree and/or career.

CTE: Keeping it REAL

- Classroom instruction connects to the REAL world of work and future career opportunities.
- Statistics indicate that CTE graduates are worth higher wages because they are more productive than other workers.

Did you know?

Ninety percent of jobs require training beyond high school.

Top 5 reasons to participate in CTE Career Pathways:

1. To acquire technical skills training.
2. To participate in hands-on learning.
3. To jump-start your future career.
4. To earn college credit while in high school through concurrent enrollment classes.
5. To save time and money!

Ask yourself:

- What do I want to be doing in 5 years?
- What do I want to be doing in 10 years?

Ask yourself:

- What classes should I take to get ready for life after high school—college and career?
- What does it cost to go to college?

Ask yourself:

- Why should I take this class?
- Why should I plan?
- Why should I study?
- Why should I graduate from high school?

Ask yourself:

- How can Pathways help me?
- How do I find the options that are right for me?
- How do I find a satisfying career?

Acquiring critical learning and hands-on skills through education and training will open doors of opportunity for obtaining employment within your area of interest. Stay in school and finish your education. Your future depends on it.

Pathway: Mechanics and Repairs – Automotive Service Technician

Get the Facts

According to the U.S. Department of Labor, the automotive industry is rapidly growing and “the work of automotive service technicians and mechanics has evolved from simply mechanical to high technology.”

Workforce Trends

Job opportunities in the automotive industry are expected to be very good for persons with formal training, strong diagnostic and problem-solving skills, and knowledge of electronics and mathematics. Nationwide, employment of automotive service technicians and mechanics is projected to increase 5 percent through the year 2018.

CAREER AND TECHNICAL EDUCATION Recommended Pathway Courses

(Students may select individual courses for exploration, or a complete Pathway for an in-depth focus.)

CLASS AVAILABILITY MAY VARY AT YOUR HIGH SCHOOL

Course #	Foundation Courses: (required)	Credit
47.0604	Introduction to Automotive	.50
<i>Choose one of the following courses:</i>		
47.0612	Vehicle Inspection Technician	.50
47.0624	ASE General Service Technician *	1.00
47.0634	ASE Brakes	1.00
47.0644	ASE Steering and Suspension	1.00
47.0654	ASE Electrical/Electronics	2.00
47.0664	ASE Engine Performance	2.00
Elective Courses:		
47.0633	Basic Automotive Collision Repair	.50
47.0105	Basic Electronics	.50
47.0603	Collision Non-Structural and Structural Repair	1.00
47.0606	Small Vehicle Technician	.50
32.0199	Student Internship (Critical Workplace Skills)	.50

1.50 credits

1.50 credits

3.00 credits for completion

* This course can be taken multiple times to meet the ASE standard.

Foundation courses taken beyond the required credits can be used as elective credit.

Visit UtahCTE.org to learn how to earn industry certification in this Pathway.

Automotive Service Technician is:

- > High skill
- > High wage
- > High demand
- > Nontraditional for females

Sample Career Occupations

- > Aircraft Mechanic Technician
- > Automotive Service Technician
- > Automotive Service Technician Teacher
- > Mechanic
- > Motorboat Mechanic

This is a nontraditional occupation for women. In 2007, 1.6 percent of the people employed in this occupation were women.
