2012 – 2013

## Career & Technical Education (CTE) Scholarships and Tuition Awards

The Career and Technical Education Scholarships and Tuition Awards are for outstanding Career and Technical Education (CTE) students. The awards cover **ONE** year of tuition only (no other expenses) for those students who have excelled in their Career and Technical Education (CTE) areas. Eligible candidates are those who are (1) planning on attending a postsecondary institution in a CTE program that is a two-year Associate Degree program or less (preceding immediate employment in that area) OR (2) those who are planning to **teach** in a CTE area (a four-year program). *All other four-year degree programs will be disqualified.*

These CTE awards are sponsored by the Utah State Office of Education (USOE) with funds for the awards coming from each of the postsecondary institutions: DATC awards \$1,400; SUU awards \$4,250, Snow-Richfield awards \$1,000 and CEU-Price awards \$2,000. All other institutions cover **one-year's tuition** at the college specified in your award. Awards are **NOT** transferable to any other institutions. Please note---Salt Lake Community College does NOT include the Salt Lake School of Applied Technology on State Street. There are NO scholarships at Snow College – EPHRAIM. The number of CTE scholarships offered from each institution follows in parenthesis.

Students should work with their (1) high school counselor and (2) a CTE teacher when completing this application form and portfolio. Awards are **ONLY** to the above-mentioned institutions, i.e., if an institution is not listed above, they are NOT offering these particular CTE Scholarships.

Advisors, parents, and others should follow directions in the student portfolio and application forms exactly to ensure that portfolios/applications are accepted and considered for awards. Please be aware that CTE Scholarships are valid only if the student attains and maintains full-time status at the college or university to which the award is given.

Teachers and counselors, please inform eligible applicants that the odds of receiving an award in Year 2011 were 1:2. The monetary value of their spending four to five hours preparing an application could yield them well over \$1,500.00. Ask them to do the math. What is the potential hourly payback for preparing and applying?

If you have any additional questions or comments, call TC Danel (801)538-7875, or Thalea Longhurst (801) 538-7889.
