
DAVIS SCHOOL DISTRICT WORK-BASED LEARNING

TRANSPORTATION FORM

Intern Name (Please print legibly)

Neither the district nor the school is responsible for student transportation to and from the internship site. The student's parent or guardian has sole responsibility for providing the student transportation to and from the internship site. A student may be approved to drive him/herself to the internship site by the school site coordinator upon receiving proof that the student or the student's parent/guardian carries all automobile insurance required by state law.

Students authorized to drive themselves to and from the internship site are prohibited from transporting other students. I understand there will be no car pooling with other students. If this is violated, your Internship will be terminated.

Occasionally your student may be asked to use their vehicle for business purposes, i.e. travel to and from business work sites, courier, and completion of tasks given by mentor.

- I GIVE permission for my student to use our vehicle for business purposes.
- I DO NOT give my permission for my student to use our vehicle for business purposes.

I have read the Personal Transportation Requirements as described above and understand it is my responsibility to provide appropriate transportation for my student to and from their internship site. My signature below further verifies that all automobile insurance required by state law is in effect for this transportation.

Signature of Parent/Guardian
