

Special Code List

Code	Description	Note
101	Absent - Did not take test	Student did not attend school during the test administration period and was not able to make up the test.
106	Student refuses to test	Student refused to start the test or quit before completing the test.
107	Excused - Medical Emergency	Student was unable to take or complete the test because of an unanticipated medical circumstance.
108	Course Will Continue Next School Year	Student was not scheduled to finish the course during the current school year.
109	Course Instruction Not Aligned with Course Code	LEA used a course code which caused the student to be assigned a test for which the student did not receive instruction.
110	Test has already been taken	Student took the test during a previous administration and therefore is not required to take it again.
111	USOE Excused - Approval Needed	UTREX caused the student to be assigned a test for a course in which the LEA did not enroll the student. USOE approval is required prior to use of this code.
112	Student Transferred Before Testing Window	The student was enrolled in a SAGE-assessed course, but transferred out of it before the test was scheduled to be given at the school
200	Standard Participation	Set by default when reported test status is 'C' (completed) and there is no test participation code.
201	Accommodated	Student took the test with an allowable accommodation. Applies only to English learner, special education, and 504 students.
202	Modified	Student took the test in a way that violated the construct the test was designed to measure. For example, the test taken was below the grade level at which the student was instructed. According to the Office of Special Education Programs (OSEP) in the U.S. Department of Education, the student is considered a nonparticipant.
203	Invalidated	Reported test status is 'I' (invalidated [by the LEA]) and there is no test participation code.
204	Parental Exclusion	Parent or legal guardian requested that the student not take the test, or student aged 18 or older at time of testing refused to take the test. The student is excluded from the denominator of the Grading Utah Schools (GUS) accountability system participation rate and their score is not loaded into the staging database.
