

Appeal of Credit Limitation

If a student has a specific, compelling need to exceed 6.0 online credits during a school year, the family must first file the course requests for the additional credit(s) using the Statewide Online Education Program (SOEP) Online Enrollment. If these requests are not accepted by your school district or charter school and you wish to appeal this decision, e-mail the Utah State Office of Education (USOE) SOEP Administrator Cory Kanth.

Early Graduation

A student may earn extra high school credit(s) in a semester if they intend to complete high school graduation requirements and exit high school early in accordance with an approved Student Education Occupation Plan (SEOP).
