Title III Refusal to Accept Funds Form

This form will help us at the State Office keep track of the Title III funds being accepted or denied. Please read and provide the appropriate signatures, as well as fill in a brief explanation of why Title III funds would be denied. It

I,, hereby decline any Title III funds fully knowing that this money would be used specifically for the support of the ELL students in a manner above and beyond in-class instruction in (name of school/district). I also understand that declining such funds means that I will ensure these same students will receive the appropriate support in their education that they would if Title III funds had been accepted and used. The decline of such funds will, in no way, negatively affect the way ELL students in my school/district receive the support required by NCLB Title III law.	
Please provide the reason, for which you wish to decline the Title III funds, below. If more space is needed, please attach your response.
