

Annual Performance Report on Utah's State Performance Plan

Alpine District

FFY 2006

Publication Date: April 15, 2008

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 20 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on State indicators 1-5 and 8-13. While the USOE is reporting publicly on indicators 1-5 and 8-13 at the LEA level, each LEA will receive a report on all 20 indicators for improvement planning purposes. The SPP can be viewed at

Annual Performance Report on Utah's State Performance Plan

Davis District

FFY 2006

Publication Date: April 15, 2008

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 20 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on State indicators 1-5 and 8-13. While the USOE is reporting publicly on indicators 1-5 and 8-13 at the LEA level, each LEA will receive a report on all 20 indicators for improvement planning purposes. The SPP can be viewed at <http://www.schools.utah.gov/sars/lawsregs/stateplan.htm>

Annual Performance Report on Utah's State Performance Plan

Iron District

FFY 2006

Publication Date: April 15, 2008

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 20 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on State indicators 1-5 and 8-13. While the USOE is reporting publicly on indicators 1-5 and 8-13 at the LEA level, each LEA will receive a report on all 20 indicators for improvement planning purposes. The SPP can be viewed at <http://www.schools.utah.gov/sars/lawsregs/stateplan.htm>

Annual Performance Report on Utah's State Performance Plan

Nebo District

FFY 2006

Publication Date: April 15, 2008

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 20 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on State indicators 1-5 and 8-13. While the USOE is reporting publicly on indicators 1-5 and 8-13 at the LEA level, each LEA will receive a report on all 20 indicators for improvement planning purposes. The SPP can be viewed at <http://www.schools.utah.gov/sars/lawsregs/stateplan.htm>

Annual Performance Report on Utah's State Performance Plan

San Juan District

FFY 2006

Publication Date: April 15, 2008

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 20 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on State indicators 1-5 and 8-13. While the USOE is reporting publicly on indicators 1-5 and 8-13 at the LEA level, each LEA will receive a report on all 20 indicators for improvement planning purposes. The SPP can be viewed at <http://www.schools.utah.gov/sars/lawsregs/stateplan.htm>

Annual Performance Report on Utah's State Performance Plan

Uintah District

FFY 2006

Publication Date: April 15, 2008

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 20 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on State indicators 1-5 and 8-13. While the USOE is reporting publicly on indicators 1-5 and 8-13 at the LEA level, each LEA will receive a report on all 20 indicators for improvement planning purposes. The SPP can be viewed at <http://www.schools.utah.gov/sars/lawsregs/stateplan.htm>

Annual Performance Report on Utah's State Performance Plan

Ogden District

FFY 2006

Publication Date: April 15, 2008

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 20 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on State indicators 1-5 and 8-13. While the USOE is reporting publicly on indicators 1-5 and 8-13 at the LEA level, each LEA will receive a report on all 20 indicators for improvement planning purposes. The SPP can be viewed at <http://www.schools.utah.gov/sars/lawsregs/stateplan.htm>

Annual Performance Report on Utah's State Performance Plan

American Leadership

FFY 2006

Publication Date: April 15, 2008

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 20 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on State indicators 1-5 and 8-13. While the USOE is reporting publicly on indicators 1-5 and 8-13 at the LEA level, each LEA will receive a report on all 20 indicators for improvement planning purposes. The SPP can be viewed at <http://www.schools.utah.gov/sars/lawsregs/stateplan.htm>

The SPP is a six-year plan which describes Utah's performance on 20 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on State indicators 1-5 and 8-13. While the USOE is reporting publicly on indicators 1-5 and 8-13 at the LEA level, each LEA will receive a report on all 20 indicators for improvement planning purposes. The SPP can be viewed at <http://www.schools.utah.gov/sars/lawsregs/stateplan.htm>

Annual Performance Report on Utah's State Performance Plan

Edith Bowen

FFY 2006

Publication Date: April 15, 2008

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 20 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on State indicators 1-5 and 8-13. While the USOE is reporting publicly on indicators 1-5 and 8-13 at the LEA level, each LEA will receive a report on all 20 indicators for improvement planning purposes. The SPP can be viewed at <http://www.schools.utah.gov/sars/lawsregs/stateplan.htm>

FFY 2006

Publication Date: April 15, 2008

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 20 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on State indicators 1-5 and 8-13. While the USOE is reporting publicly on indicators 1-5 and 8-13 at the LEA level, each LEA will receive a report on all 20 indicators for improvement planning purposes. The SPP can be viewed at <http://www.schools.utah.gov/sars/lawsregs/stateplan.htm>

FFY 2006

Publication Date: April 15, 2008

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 20 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on State indicators 1-5 and 8-13. While the USOE is reporting publicly on indicators 1-5 and 8-13 at the LEA level, each LEA will receive a report on all 20 indicators for improvement planning purposes. The SPP can be viewed at <http://www.schools.utah.gov/sars/lawsregs/stateplan.htm>

Annual Performance Report on Utah's State Performance Plan

FFY 2006

Publication Date: April 15, 2008

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 20 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on State indicators 1-5 and 8-13. While the USOE is reporting publicly on indicators 1-5 and 8-13 at the LEA level, each LEA will receive a report on all 20 indicators for improvement planning purposes. The SPP can be viewed at <http://www.schools.utah.gov/sars/lawsregs/stateplan.htm>

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 20 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on State indicators 1-5 and 8-13. In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 20 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on State indicators 1-5 and 8-13. While the USOE is reporting publicly on indicators 1-5 and 8-13 at the LEA level, each LEA will receive a report on all 20 indicators for improvement planning purposes. The SPP can be viewed at <http://www.schools.utah.gov/sars/lawsregs/stateplan.htm>

Annual Performance Report on Utah's State Performance Plan

Rockwell High

FFY 2006

Publication Date: April 15, 2008

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 20 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on State indicators 1-5 and 8-13. While the USOE is reporting publicly on indicators 1-5 and 8-13 at the LEA level, each LEA will receive a report on all 20 indicators for improvement planning purposes. The SPP can be viewed at <http://www.schools.utah.gov/sars/lawsregs/stateplan.htm>

Publication Date: April 15, 2008

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 20 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on State indicators 1-5 and 8-13. While the USOE is reporting publicly on indicators 1-5 and 8-13 at the LEA level, each LEA will receive a report on all 20 indicators for improvement planning purposes. The SPP can be viewed at <http://www.schools.utah.gov/sars/lawsregs/stateplan.htm>

Annual Performance Report on Utah's State Performance Plan

FFY 2006

Publication Date: April 15, 2008

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 20 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on State indicators 1-5 and 8-13. While the USOE is reporting publicly on indicators 1-5 and 8-13 at the LEA level, each LEA will receive a report on all 20 indicators for improvement planning purposes. The SPP can be viewed at <http://www.schools.utah.gov/sars/lawsregs/stateplan.htm>

Annual Performance Report on Utah's State Performance Plan

Wasatch Peak

FFY 2006

Publication Date: April 15, 2008

In accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), each State must have in place a State Performance Plan (SPP) to evaluate the State's efforts to meet the requirements of the implementation of IDEA. The SPP is a six-year plan which describes Utah's performance on 20 indicators. The Office of Special Education Programs (OSEP) in the U.S. Department of Education requires that States report annually to the public on the performance of each local education agency (LEA) on State indicators 1-5 and 8-13. While the USOE is reporting publicly on indicators 1-5 and 8-13 at the LEA level, each LEA will receive a report on all 20 indicators for improvement planning purposes. The SPP can be viewed at <http://www.schools.utah.gov/sars/lawsregs/stateplan.htm>
