

Special Education Course Codes with Descriptions 2011-2012

The chart below contains the courses offered for the 2011-2012 school year. Note the description of each course and intended purposes. The Activation or Deactivation will help determine when courses should be updated. For students struggling in math consider the following courses:

7th grade – Mathematics 7 or 7th Grade Mathematics

8th grade – Pre-Algebra, 8th Grade Mathematics

9th Grade – Pre-Algebra, Algebra 1, Secondary Mathematics I

10th Grade – Algebra 1, Geometry, Secondary Mathematics I, Secondary Mathematics II

11th Grade – Geometry, Algebra 2, Secondary Mathematics II, Secondary Mathematics III

*Supplementary Secondary Math may be taken in conjunction with the math courses listed above in grades 9-12. This course provides an opportunity for additional supplemental instruction. This course may not replace the courses above.

Course Name	Grade	Course Code	CRTs	Description	Activation or Deactivation
Multiple Subjects					
Kindergarten – Special Education	K	22-02-00-23-001	None	Grade level appropriate curriculum for students with disabilities.	
Grade 1 – Special Education	1	22-01-00-23-002	1 – Language Arts, Math & Science	Grade level appropriate curriculum for students with disabilities.	
Grade 2 – Special Education	2	22-01-00-23-003	2 – Language Arts, Math & Science	Grade level appropriate curriculum for students with disabilities.	
Grade 3 – Special Education	3	22-01-00-23-004	3 – Language Arts, Math & Science	Grade level appropriate curriculum for students with disabilities.	
Grade 4 – Special Education	4	22-01-00-23-005	4 – Language Arts, Math & Science	Grade level appropriate curriculum for students with disabilities.	
Grade 5 – Special Education	5	22-01-00-23-006	5 – Language Arts, Math & Science	Grade level appropriate curriculum for students with disabilities.	
Grade 6 – Special Education	6	22-01-00-23-007	6 – Language Arts, Math & Science	Grade level appropriate curriculum for students with disabilities.	
Grade 7 – Special Education	7	22-01-00-23-008	7 – Language Arts, Math & Science	Grade level appropriate curriculum for students with disabilities.	
Grade 8 – Special Education	8	22-01-00-23-009	8 – Language Arts, Math & Science	Grade level appropriate curriculum for students with disabilities.	

March 24, 2011

Special Education Course Codes with Descriptions 2011-2012

Language Arts					
Language Arts 6 – Special Ed	6	06-02-00-23-010	6 – Language Arts	A course in reading, writing, and inquiry for students with disabilities.	
Language Arts 7 – Special Ed	7	06-02-00-23-020	7 – Language Arts	A course in reading, writing, and inquiry for students with disabilities.	
Language Arts 8 – Special Ed	8	06-02-00-23-030	8 – Language Arts	A course in reading, writing, and inquiry for students with disabilities.	
Secondary Reading 6-8 – Special Ed	6-8	06-01-00-23-101	None	A course in reading for students with disabilities.	
Secondary Reading 9-12 – Special Ed	9-12	06-01-00-23-102	None	A course in reading for students with disabilities.	
Language Arts 9 – Special Ed	9	06-02-00-23-040	9 – Language Arts	A course in reading, writing, and inquiry for students with disabilities.	
Language Arts 10 – Special Ed	10	06-02-00-23-050	10 – Language Arts	A course in reading, writing, and inquiry for students with disabilities.	
Language Arts 12 – Special Ed	12	06-02-00-23-060	12 – Language Arts	A course in reading, writing, and inquiry for students with disabilities.	
Language Arts 11 – Special Ed	11	06-02-00-23-070	11 – Language Arts	A course in reading, writing, and inquiry for students with disabilities.	
Mathematics					
Mathematics 6 – Special Ed	6	07-01-00-23-007	6 - Math	6th Grade mathematics taught in a secondary setting for students with disabilities.	
Mathematics 7 – Special Ed	7	07-01-00-23-008	7 - Math	Students will study mathematics concepts from sixth grade in more depth and extend knowledge to basic Pre-Algebra. This course focuses on computation and estimation with rational numbers and emphasizes proportional reasoning for students with disabilities.	Deactivation 6/30/14
Pre-Algebra 8-9 – Special Ed	8-9	07-02-00-23-001	Pre-Algebra	Students will develop fluency with rational numbers and proportional relationships. They will begin to study algebraic concepts, by recognizing and generating equivalent expressions and solving single-variable equations and inequalities for students with disabilities.	Deactivation 6/30/14

March 24, 2011

Special Education Course Codes with Descriptions 2011-2012

Algebra 1 (9-12) – Special Ed	9-12	07-02-00-23-010	Algebra 1	The main goal of Algebra is to develop fluency in working with linear equations. Students will work with irrational numbers, generate equivalent expressions, use formulas, simplify polynomials and begin to study quadratic relationships for students with disabilities.	Deactivation 6/30/14
Algebra 1 A – Special Ed	9-12	07-02-00-23-011	None	Students will become fluent with rational number relationships and operations to develop abstract thought. Linear relationships will be introduced and applied. This course does not fulfill the algebra requirement for graduation for students with disabilities without substitution. There is no CRT at the end of this course.	Deactivation 6/30/11
Algebra 1 B – Special Ed	9-12	07-02-00-23-012	Algebra 1	Algebra B completes Algebra A as a full-year algebra course and completes the algebra requirement for graduation for students with disabilities. At the end of this course students will take the Algebra 1 CRT.	Deactivation 6/30/12
Algebra 2 (9-12) – Special Ed	9-12	07-02-00-23-020	Algebra 2	Students will conceptualize, analyze, and identify relationships among functions by building on concepts learned in Algebra 1 and Geometry and by extending linear algebra and coordinate geometry to other functions and systems of equations for students with disabilities.	Deactivation 6/30/14
Geometry – Special Ed	9-12	07-05-00-23-001	Geometry	The main goal of Geometry is for students to develop the structure of Euclidean geometry and apply the resulting theorems and formulas to address meaningful problems for students with disabilities. Geometry should be taken after Algebra 1 and before Algebra 2.	Deactivation 6/30/14
7 th Grade Mathematics	7	07-08-00-23-070	7 - Math	In 7 th Grade Mathematics students with disabilities will focus on developing understanding of and applying proportional relationships; developing understanding of operations with rational numbers and working with expressions and linear equations; solving problems involving scale drawings and informal geometric constructions, and working with two- and three- dimensional shapes to solve problems involving area, surface area, and volume; and drawing inferences about populations based on samples.	Activation 7/1/11

Special Education Course Codes with Descriptions 2011-2012

8 th Grade Mathematics	8	07-08-00-23-080	Pre-Algebra	In 8th Grade Mathematics students with disabilities will focus on formulating and reasoning about expressions and equations, including modeling an association in bivariate data with a linear equation, and solving linear equations and systems of linear equations; grasping the concept of a function and using functions to describe quantitative relationships; and analyzing two- and three-dimensional space and figures using distance, angle, similarity, and congruence, and understanding and applying the Pythagorean Theorem.	Activation 7/1/11
Secondary Mathematics I	8-10	07-08-00-23-090	Algebra	Students with disabilities in Secondary Mathematics I will deepen and extend understanding of linear relationships, in part by contrasting them with exponential phenomenon, and in part by applying linear models to data that exhibit a linear trend. Students will use properties and theorems involving congruent figures to deepen and extend understanding of geometric knowledge. Algebraic and geometric ideas are tied together. Students will experience mathematics as a coherent, useful, and logical subject that makes use of their ability to make sense of problem situations.	Activation 7/1/11
Secondary Mathematics II	9-11	07-08-00-23-100		Students with disabilities in Secondary Mathematics II will focus on quadratic expressions, equations, and functions, extend the set of rational numbers to the set of complex numbers, link probability and data through conditional probability and counting methods, study similarity and right triangle trigonometry, and study circles with their quadratic algebraic representations.	Activation 7/1/11
Secondary Mathematics III	10-12	07-08-00-23-110		Students with disabilities in Secondary Mathematics III will pull together and apply the accumulation of learning they have from previous courses. They will apply methods from probability and statistics to draw inferences and conclusions from data, expand their repertoire of functions to include polynomial, rational, and radical functions, expand their study of trigonometry to include general triangles, and use functions and geometry to create	Activation 7/1/11

Special Education Course Codes with Descriptions 2011-2012

				models and solve contextual problems.	
Science					
Science (Grade 6) – Special Ed	6	08-05-00-23-005	6 - Science	Core course for students with disabilities. Fulfills the requirements for Science for 6th grade students.	
Integrated Science (Grade 7) – Special Ed	7	08-05-00-23-001	7 - Science	Core course for students with disabilities. Fulfills the requirements for Science for 7th grade students.	
Integrated Science (Grade 8) – Special Ed	8	08-05-00-23-010	8 - Science	Core course for students with disabilities. Fulfills the requirements for Science for 8th grade students.	
Biology – Special Ed	9-12	08-02-00-23-010	Biology	This course includes the topics of ecosystems, cells, heredity, diversity, organ systems and evolution. Students will explain biological ideas or concepts in their own words relate them to other topics and apply them in new contexts. For students with disabilities.	
Earth Systems (Grade 9) – Special Ed	9-12	08-04-00-23-010	Earth Systems	This course integrates content from earth, physical, space and life sciences. Students develop an understanding of interactions and interdependence within and between earth systems and biological systems, atmospheric systems, water systems, geologic systems energy systems and space. For students with disabilities.	
Social Studies					
Geography – Special Ed	9-12	09-04-00-23-030	None	Core course. Fulfills the requirements for Social Studies for secondary students with disabilities. Geography studies the earth, its features and human life.	
US History I (7-8) – Special Ed	7-8	09-05-00-23-030	None	Core course for students with disabilities. Fulfills the requirements for Social Studies 8th grade students. Exploration through Reconstruction.	
Utah Studies (7-8) – Special Ed	7-8	09-05-00-23-070	None	Core class for 7th grade students with disabilities. It is designed to help students understand the state of Utah at a deeper level by reviewing Utah's early history and particularly emphasizing Utah from statehood to the present.	
World Civilizations (6-8) – Special Ed	6-8	09-05-00-23-090	None	Core class for 10th grade students with disabilities. It is designed as a survey class, describing the relationships that have developed over time among major regions of the world: East	

March 24, 2011

Special Education Course Codes with Descriptions 2011-2012

				Asia, South Asia, Southwest Asia (Middle East), Africa, Europe, North America and Latin America.	
US History II (9-12) – Special Ed	9-12	09-05-00-23-050	None	Core course for students with disabilities. Fulfills the requirements for Social Studies 11th grade students. Survey of American history with an emphasis on post-Reconstruction American (1876- Present), but should include a review of the earlier period.	
World Civilizations II (9-12) – Special Ed	9-12	09-05-00-23-091	None	Core class for 10th grade students with disabilities. It is designed as a survey class, describing the relationships that have developed over time among major regions of the world: East Asia, South Asia, Southwest Asia (Middle East), Africa, Europe, North America and Latin America.	
Us Government & Citizenship – Special Ed	10-12	09-06-00-23-020	None	Core class that is recommended for seniors. This course will present the major ideas, protections, privileges, structures, and economic systems that affect the life of a citizen in the United States political system. The major ideas, protections, privileges, structures, and economic systems that affect the life of a citizen in the United States political system. It is designed for students with disabilities.	
Health, Movement, Fitness					
Health Ed I (6-8) – Special Ed	6-8	04-01-00-23-001	None	Introductory required core class for students with disabilities providing opportunities for students to develop knowledge, skills and attitudes necessary for practicing lifelong, health enhancing behaviors.	
Health Ed II (9-12) – Special Ed	9-12	04-01-00-23-010	None	Advanced required core curriculum course that builds on the concepts and principles developed in Health I for students with disabilities.	
Adapted Physical Ed (6-8)	6-8	04-02-00-23-081	None	Physical education adapted to individual needs of student determined by the IEP team. This course must be taught by a certified physical education teacher. Meets the core requirements of junior high school physical education	
Adapted Physical Ed (9-12)	9-12	04-02-00-23-080	None	Physical education adapted to individual needs of student	

Special Education Course Codes with Descriptions 2011-2012

				determined by the IEP team. This course must be taught by a certified physical education teacher. Meets the core requirements of high school physical education.	
Special Education					
Learning Strategies	6-12	23-01-00-00-100	None	This course is designed to provide specialized instruction in which students with disabilities learn and apply strategies while accessing the generally curriculum.	
Study Skills	6-12	23-01-00-00-120	None	This course is designed to provide specialized instruction in which students with disabilities learn and apply social and academic skills and strategies. This class may cover: Organization, time management, stress management, reading strategies, test taking strategies, study, note taking, academic tracking, team work, communication and goal setting, learning and interest assessments.	
Applied Skills	6-12	23-01-00-00-200	None	This course is designed to provide specialized instruction for students with disabilities when applying general curriculum concepts.	
Basic Skills	6-12	23-01-00-00-210	None	This course is designed to provide specialized instruction for students with disabilities who require basic general curriculum concepts.	
Directed Studies	6-12	23-01-00-00-220	None	This course is designed to provide specialized instruction for targeted, individualized education goals for students with disabilities.	
Community Studies	6-12	23-01-00-00-300	None	This course is designed to provide specialized instruction for students with disabilities accessing their community which may include public transportation, medical facilities, library, grocery store and recreational facilities and/or programs as part of transition activities for students with disabilities.	
Daily Living Skills	6-12	23-01-00-00-310	None	This course is designed to provide specialized instruction for students with disabilities in daily living skills.	
Life Skills	K-12	23-01-00-00-330	None	This course is designed to provide specialized instruction for students with disabilities under the direction of the special educator and/or related service provider.	

Special Education Course Codes with Descriptions 2011-2012

Transition	6-12	23-01-00-00-340	None	This course is designed to provide specialized instruction to facilitate student achievement of post secondary goals including post secondary education, training, employment, independent living and community access. For students with disabilities.	
Careers, Career Awareness Skills	6-12	23-01-00-00-400	None	This course is designed to introduce students with disabilities to a variety of career fields. Content may include: interest inventories, proficiency exams to help identify career fields appropriate to students' skills and interests, resume writing, interviewing skills, people skills, and other employability skills.	
Job Sampling	6-12	23-01-00-00-410	None	Students with disabilities will be provided with practical work experiences in various occupations as part of their career exploration.	
Job Training	6-12	23-01-00-00-420	None	Students with disabilities will learn workplace skills through participation in a variety of work experiences.	
Preschool Special Education	PK	23-03-00-00-020	None	This course is designed to provide specialized instruction for preschool students with disabilities.	
General Education Course					
Supplementary Secondary Math	9-12	07-07-00-00-005	None	This course is to provide supplemental math instruction to support a core mathematics course. It should not be taught as a stand-alone course. The standards of the course are those of the associated core course.	Activation 7/1/11
