

Jimmy May

Bill helped himself to another piece of cake and headed	10
for the dining room. Jimmy was on the daybed watching TV.	21
Poor kid! He had been sick for such a long time. Bill couldn't	34
help feeling sad when he looked over at his brother.	44
"Boy, am I glad you're home," said Jimmy. "I thought	54
the school bus would never get here."	61
Bill thought about Jimmy and how much of the time he	72
had to be alone each day. There were no close neighbors or	84
friends out in the country where the May family lived. Mom	95
was often busy working around the house. She didn't have	105
very much time left to spend with Jimmy.	113
