

Morse Code

Bill thought for a minute.	5
“I’ve always wanted to learn the Morse code.” Bill said.	15
“Maybe we can learn it together. Want to do that for a change?”	27
Jimmy was excited. “Hey, that sounds great. Then we can tap out secrets to each other and no one else will know what we’re saying!”	28
Bill dropped the cards and went to hunt for the code handbook he had brought from camp.	37
When he came back, he said to Jimmy, “We have lots to learn. Soon we should be able to put short taps and long taps together to make words.”	50
As he spoke, Bill tapped on the table with the end of a ballpoint pen.	53
