

USOE-USHE Concurrent Enrollment Master List

FY 2014-2015

PUBLISHED 17 December 2013 Last updated 17 December 2013

LEGEND

LLULIND	
11 Digit Core Codes	Code is assigned to courses by the Utah State Office of Education. All secondary schools should use this course when reporting classes. The first two digits of the code align with a subject area (see table below).
CIP Code	The Classification of Instructional Programs (CIP) is a code used by public and higher education to identify programs associated with Career and Technical Education (CTE).
USOE Course Title	Title of a course that corresponds to an 11-digit code.
HS Course Flag	"Y" indicates this course may be completed for high school core graduation credit. "N" Indicates the course may be completed for elective graduation credit.
	Identifies higher education classes that fulfill general education graduation requirements (see table below for general education legend).
	Acronym for the college offering the course.
	Used to list classes in catalogs, the prefix generally identifies the academic department offering the course.
	Used with the prefix to list courses in catalogs. 1000 and 2000 level numbers identify lower division offerings; numbers 3000 and higher identify upper division offerings.
Course Title	Title of the college course.
College Semester	The number of semester credit hours awarded form completing the course.
Hours	
Last Date Reviewed	The last date higher education course materials (syllabus, textbook, curriculum documents) were reviewed by a USOE curriculum specialist for alignment with the USOE Core curriculum.
Date Set for Next	The next anticipated date for an alignment review. All curriculum is reviewed periodically. Reviews may be triggered by a change in the Core curriculum and/or the higher education curriculum.
