

The Little Dog

Ah Jim walked up the hill to the Chinatown shops.	10
Every shop had things to look at. In the large window of	22
one shop he saw a very small green elephant.	31
“There is something that would go in my bowl,” he	41
said.	42
Ah Jim did not want the green elephant. He wanted	52
a live pet.	55
Through the large window, he saw something run	63
across the shop. It was a little dog, the littlest he had	75
ever seen. It was the color of gold. It had two black	87
eyes and a little, round nose. It jumped into a small	98
basket.	99
