

The Rescue

It was not long before the water reached the top of	11
the well and the men were able to help the horse over	23
the edge. They took the rope off his neck and he	34
dropped to the ground.	38
Dark Sky was afraid, but not hurt. His legs were	48
too tired to hold him up, and he lay resting on the	60
grass.	61
Ana dropped down beside the horse. "It's OK,	69
Dark Sky," she said. "You're all right now."	77
Dad smiled at Ana and said, "I guess I was	87
wrong."	88
He turned to Mr. Gomez.	93
"I can't sell this horse," he said. "You'll have to	103
pick Black Magic or Silver Dollar, instead of Dark	112
Sky."	113
