

Little Pocket Mouse

One night Little Pocket Mouse came out of his red rock house.	8 12
He ran down to the highway just as he did every other night.	22 25
He wanted to see the cars go by.	33
He wanted to run in the light from a car.	43
All at once a car came to a stop. A man and a boy got out.	56 59
“Oh, no!” said the man when he looked at the tire. “Now we will be here for a while.”	69 78
Little Pocket Mouse was not far from the light.	86 87
No one could see him.	92
