

The Garden

Every day an old man and old women took water out to their garden.	10 14
Every day they looked at their turnip.	21
All at once it began to get big.	29
Before long, it was tall, very tall.	36
The old woman said, "Now I think it is just right. Pull it out."	47 50
The old man gave the turnip a pull, but the turnip would not come out. He gave it a very big pull. The Turnip would not come out.	61 73 78
