

The Golden Dog

At the pet shop, Ah Jim saw quite a few animals. He	12
saw a monkey, a red and green bird, and a black cat. The	25
animals were all too big for his bowl.	33
He wanted a pet he could hold. He wanted a pet that was	46
warm, a pet that would fit in his bowl.	55
Ah Jim could not forget the golden dog, the dog that was	67
almost little enough to fit in his bowl.	75
Ah Jim turned back towards Chinatown. In a few	84
minutes he reached the shop where he had seen the green	95
elephant.	96
He put his face against the window. The little dog was	107
still there. Ah Jim wanted that dog.	114
