College and Career Awareness District Funding Applications must be submitted on the attached form and must conform to submission deadlines. In order for a district to participate, it must identify schools and College and Career Awareness team members that:

- incorporate the entire approved College and Career Awareness Core Curriculum program;
- are willing to participate in professional development for the program; and
- will assure compliance with all standards related to the program.

All allocations will be based upon schools meeting and continued compliance with the program standards.
