

I am now learning to vary the keying rate to fit the ease of keying the words. By learning to speed up the easy words, I can take time to break the longer words into parts for quick keying.

With more practice, I will be able to handle by word response some of the shorter words that I just now analyze and key letter by letter. As I master this skill, I will become more expert.

1 2 3 4 5 6 7 8 9 10
