

## Getting Around Alaska

Alaska is very cold during winter. Snow and ice	9
cover the ground. Not all roads get plowed. How do	19
people get around?	22
They can use skis. Skis help people glide over	31
snow. They can use snowshoes. Snowshoes help people	39
walk on top of snow. They can use dogsleds. A team of	51
strong dogs pulls the sled.	56
One of the fastest ways to travel is by snowmobile.	66
A snowmobile has a motor. A snowmobile has skis on	76
the front. It helps people in snowy places get around	86
quickly. There are many ways to get around, even in	96
deep snow!	98
