

## MISSION STATEMENT

We strive to create and sustain accessible, equitable, and high-quality afterschool and summer programs. Our goal is to align these programs with the school day to meet the needs of students and families using local data and intentional partnerships. This approach is intended to accelerate learning for all students. We met these objectives by providing evidence-based afterschool and summer learning resources and trainings, and by creating spaces for support/technical assistance for local schools and community partners.

## AFTERSCHOOL & SUMMER LEARNING COLLABORATIVE

### LEARN MORE ABOUT THE NATIONAL PROJECT

The Utah State Board of Education is a member and participant of the State Summer Learning Network hosted jointly by the [National Summer Learning Association \(NSLA\)](#) and the [Council of Chief State School Officers \(CCSSO\)](#) which entails direct technical assistance support from a summer learning expert and coach, whole group monthly professional development, and access to policy and funding experts to develop and initiate summer learning plans for the state using ESSER funding.

## OUR TEAM INCLUDES

- **USBE Center for Continuous School Improvement**
