State School Board,

On behalf of United States Parents Involved in Education, a national parents' organization with a Utah chapter, for which I am a long-standing advisory board member, I request a public hearing regarding the Board's changes to the opt out rule for student assessments.

Please let me know if this request will be accommodated.

Sincerely,

Christel Swasey

Dear Lorraine,

Yes, USPIE is a national organization with a significant number of members in most states, including Utah. Here's a link to our organization's advisory board page, which includes me, as one of twelve national advisors.

I've contacted the national secretary to ask her for specific numbers, and am waiting to hear back.
