Health Endorsement Courses for 2023

1. **Substance Abuse Prevention**
   MIDAS Course # 48786

   Description: This course is designed to help new and future Health Education teachers gain a general knowledge of alcohol and other drugs in the context of teaching Health Education I and II. It will cover the effects drugs and alcohol have on the physical, mental, social, and emotional health. The course will prepare attendees of the course to translate information learned to constructing and present lessons that meet Utah Core Standards.

   1.5 USBE Credit Hours - 2-week course, for minimum of 25 class hours, plus a completed assignment or project is required for the USBE Credit.

   Dates: May 1 – May 12
   Location: Online Canvas course
   Time: Mon-Friday for 2-week period. Modules are added as course progresses.
   Instructor: April Larsen, alarsen@utahonline.org
   Required Books: All materials will be provided in Canvas Modules
   All assignments must be submitted by midnight Friday, May 12, 2023

2. **Nutrition**
   MIDAS Course # 48787

   Description: This course is designed to study the relationship of nutrition as it relates to optimum performance and health. Basic nutrient needs, sources, and functions will be discussed for various ages, activity levels, and performance needs. An emphasis will be placed on diet and lifestyle practices that promote overall health while examining the need for proper nutrition to decrease risks of nutrition-related diseases.

   1.5 USBE Credit Hours - 2-week course, for minimum of 25 class hours, plus a completed assignment or project is required for the USBE Credit.
