

State Funding

College and Career Awareness Funds

[State Board Rule R277-916](#) explains the requirement for College and Career Awareness and the disbursement of funds. This information is intended for use by eligible school districts and charter schools within the state of Utah. Applications are required and due June 1, 2020.

Please e-mail an electronic copy of your College and Career Awareness Funding Application to Ashley Higgs.

E-mail: ashley.higgs@schools.utah.gov

College and Career Awareness District Funding Applications must be submitted on the attached form and must conform to submission deadlines. In order for a district to participate, it must identify schools and College and Career Awareness team members that:

- incorporate the entire approved College and Career Awareness Core Curriculum program;
- are willing to participate in professional development for the program; and
- will assure compliance with all standards related to the program.

All allocations will be based upon schools meeting and continued compliance with the program standards.
