

DLM Enrollment 2022 – 2023

Students are eligible to take a DLM assessment so long as the student has a 1% flag checked in his or her active SCRAM file. *

Students with a 1% flag are not eligible for other state assessments regardless of core code.

*Please note, as of the 2020-2021 School Year 1% Science assessments will be taken through the DLM educator portal instead of UAA. Utah starts assessing Science in grade 4.
