

Blow, Wind, Blow

What is wind? Wind is air that moves. Wind	9
can help you fly a kite. Wind can blow a hat off	21
your head. Wind can blow leaves around.	28
Strong winds can blow over the land. They	36
can blow over the water. Strong winds can cause	45
harm. Winds can blow down big trees. They can	54
even blow cars off the road. Watch out for strong	64
winds!	65
