Statistical Report:

Utah Code Ann. 53G-7-503(5) requires that each LEA that charges fees, must submit the total count of fees into curricular, co-curricular, and extracurricular categories to the state board by July 1, 2021. In addition, the requirement includes a count of “students who pay each fee.” This coming Friday, each Superintendent will receive an email link to a Qualtrics report to submit the required data. The report will be open from May 14th to June 15th.

After June 15th, the School Fees team will work with all LEAs that were unable to submit the information. All data must be received no later than July 1, 2021.

DONATIONS

R277-407-7:

(1) (a) A school may not request or accept a donation in lieu of a fee from a student or parent unless the activity, class, or program for which the donation is solicited will otherwise be fully funded by the LEA and receipt of the donation will not affect participation by an individual student.

(b) A donation is a fee if a student or parent is required to make the donation as a condition to the student’s participation in an activity, class, or program.

(c) An LEA may solicit and accept a donation or contribution in accordance with the LEA’s policies, but all such requests must clearly state that donations and contributions by a student or parent are voluntary.

(2) If an LEA solicits donations, the LEA:

(a) shall solicit and handle donations in accordance with policies established by the LEA; and

(b) may not place any undue burden on a student or family in relation to a donation.

(3) An LEA may raise money to offset the cost to the LEA attributed to fee waivers granted to students through the LEA’s foundation.

(4) An LEA shall direct donations provided to the LEA through the LEA’s foundation in accordance with the LEA’s policies governing the foundation.

The USBE does not give legal advice to LEAs, schools, or donors. Each LEA must contact their legal counsel to ensure they are complying with existing federal (IRS) and state tax regulations regarding donations and fundraising.

An LEA or school should consider:

- The donor’s expectation or restriction on a donation when distributing any fundraising proceeds.
- Donation proceeds, where the LEA or school gave the donor “written documentation” of the donation for the purpose of claiming an individual tax or business deduction, may not be distributed back to the donor. The donated funds may not be used by anyone that has a relationship with the donor.
