Agricultural Education Summer Conference - On the road again …. Tri-State Tour – Utah, Nevada and California

CONFERENCE OVERVIEW
The purpose of this summer conference tour is to provide an opportunity for teachers to be exposed to natural resources, horticulture, agribusinesses and production agriculture that cannot be found in Utah. It is not only about the crop but also the scale of the operation. Our hope is that the teachers will return to the classroom with pictures, experiences and a perspective about the opportunities for careers in agriculture in Utah and outside of Utah.
