Mission: To promote personal growth and leadership development through Family and Consumer Sciences education.

• Family, Career and Community Leaders of America (FCCLA) is a nonprofit national Career and Technical Student Organization (CTSO) for young men and women in Family and Consumer Sciences education, in public and private school grades 9-12.

• Since 1945, FCCLA members have been making a difference in their families, careers, and communities by addressing important personal, work and societal issues through Family and Consumer Sciences education.

• Involvement in FCCLA offers members the opportunity to expand their leadership potential and develop the skills for life-planning, goal setting, problem solving, decision making, and interpersonal communication necessary in the home and workplace.

• FCCLA chapter projects focus on a variety of youth concerns, including teen pregnancy, parenting, family relationships, substance abuse, peer pressure, the environment, nutrition and fitness, teen violence, and career exploration.

“FCCLA has taught me the patience and communication needed to work in a team effectively and the charisma required to unite people in continuous support. FCCLA has also made me a more aware and empathetic person by exposing me to the help my community needs.”

Harleen Saini, Utah FCCLA VP of Community Service

**GOALS**

Utah FCCLA Chapter Goals 2022-2023:
1. Complete a community service project that makes an impact on the environment and community.
2. Increase membership by holding a “Bring a Buddy” activity or other promotional event.
3. Hold an activity to help promote STAR Event participation.
4. Hold an activity promoting the Power of One.

**SERVICE**

As FCCLA members work together, they become aware of themselves, their responsibilities as citizens, and their roles as future community leaders. This year, Utah FCCLA members will support the Water for Africa program. This incredible program helps to fund sustainable water projects throughout Africa. Utah FCCLA’s goal is to fund 11 water projects by selling 4,000 pairs of socks.

**TEACHING**

As FCCLA members complete service projects within their school and community, and as they participate in competitive events, they demonstrate their ability to teach members of their families, schools, and communities. "I love being around these kids. They have so much energy and a love for learning. I want to continue in my pursuit of an education in teaching," said Kristen Hall.
