

**Utah State Board of Education (USBE)**  
**21<sup>st</sup> Century Community Learning Center (CCLC) Grant Application**  
**2020-2021**  
**Questions and Answers**

**Q: How can my organization review funded applications?**

A: In order to access funded applications, a Government Records Access and Management Act (GRAMA) Request will have to be completed. Please contact Kamille Sheikh at [kamille.sheikh@schools.utah.gov](mailto:kamille.sheikh@schools.utah.gov) to complete this process.

**Q: How many program sites can be included in the application?**

A: Maximum of 6 program sites

**Q: Does receiving previous funding impact ability to apply?**

A: No

**Q: Can two different organizations apply for the same program site?**

A: Yes, we would encourage organizations to partner when possible. If both organizations receive funding for the same program site, there must be a collaborative process documented to ensure competing programs do not exist.

**Q: Where can I find more information on program fees, for both federal and state guidance?**

A: Applicants can find more information about program fees by clicking the links below:

- [Federal Information](#)
- [State Information - school fees information](#)

**Q: Is the Letter of Intent a requirement to apply for the grant?**

A: Yes, the Letter of Intent is a requirement to apply for the grant. Link to submit required Letter of Intent form: [21st CCLC Grant 2020-2021 Letter of Intent](#)

**Q: Can staffing costs be shared with partner organizations?**

A: Yes, partner organizations can include contracted services for staffing costs.

**Q: Are letters of support required?**

A: No, letters of support are not required and only letters from the school district or school/center sites should be included in the application submission.

**Q: Where can I find a link to review the recording from the Bidders' Conference 2020?**

A: Link to review recording from Bidders' Conference: [21st CCLC Grant Bidders' Conference Recording Link](#)

**Q: Can aggregate data or aggregate school feeder pattern data be used to demonstrate proposed program site is at 40% poverty level?**

A: All proposed program sites must meet the 40% poverty level rate. Aggregate data or feeder pattern aggregate data cannot be used to demonstrate the 40% poverty level. If district and/or school administration strongly believe the proposed site is at 40% poverty level, a letter on district or school letterhead from district or school administration with a detailed explanation of the specific reasons why the data is not reflective of the poverty level of the proposed program site and other data that demonstrates a 40% poverty rate at the proposed program site can be submitted.

**Q: If a proposed program site is an elementary school that includes 6<sup>th</sup> grade, will the application receive the 3 competitive priority points?**

A: In order to receive the priority points for serving students attending a middle school, junior high or high school, the applicant must include a middle school, junior high or K-8 school as a proposed program site or serve students attending a middle school, junior high or K-8 school at a community center. Proposed program sites that are elementary and serve up to 6th grade are not eligible to receive the priority points.

**Resources:**

**Wallace Cost Calculator**

<https://www.wallacefoundation.org/cost-of-quality/pages/default.aspx>

This online calculator works like a student loan or mortgage calculator. It lets you determine the costs of a variety of options for high-quality afterschool programs and the summer portions of year-round programs. The calculator's cost estimates, which come from the most detailed study to date on the costs of high-quality programs, were updated in 2015 to reflect both the change in the general cost of living nationally and changes in the relative cost of living across cities.
