

Celebrate Flag Day

June 14 is Flag Day in America. Many people	9
honor the American flag on that day.	16
The American flag is red, white, and blue. It has 13	27
stripes. It has 50 stars. Each star stands for one of our 50	40
states.	41
Where do we see the American flag? We see it in	52
parades. We see it on people's houses. We see it on	63
buildings in towns. We see it at schools. We see the flag	75
on many holidays. Where have you seen the American	84
flag?	85
