Mission: To foster personal growth, leadership, and opportunities in Science, Technology, Engineering, and Mathematics (STEM).

- TSA is the oldest student organization dedicated exclusively to students enrolled in technology education classes grades K-12.
- Since TSA was chartered in 1978, almost four million student members have participated through challenging competitions, leadership opportunities, and community service.
- TSA members apply and integrate STEM concepts through co-curricular activities, competitions, and related programs.
- TSA has grown in size, strength, structure, and has positively affected students and secondary school programs across the nation.
- TSA is supported by educators, parents and business leaders who believe in the need for a technologically literate society.
- TSA members learn through exciting competitive events and leadership opportunities. From engineers to business managers, alumni credit TSA with a positive influence on their lives.

TSA Membership 2017-2018 2018-2019
National 241,123 244,906
Utah 2,432 2,239

TSA Chapters 2017-2019 2018-2019
National 2,318 2,300
Utah 62 68

TSA members are challenged to use and improve their STEM skills in both team and individual competitive events—locally and nationally.

DID YOU KNOW?
In 2019, 39 students placed in the top ten in the nation for their exceptional achievement in 15 of the 70 technology-based competitive events.

At the 2019 National TSA Conference Devin Bunnell and Scott Milner, of Pleasant Grove High School, placed first in the Board Game Design event.

TSA helps teachers meet the criteria for STEM education goals through exciting programs that include technology activities, competitions, leadership and teamwork for students.

In Utah, CTSOs align with the national CTE Career Clusters® and more than 50 CTE Career Pathways.

Utah CTSOs are open to all qualified students without regard to race, color, national origin, sex, disability, or age.

Utah TSA Goals for 2019-2020:
1. Increase member participation at the State TSA Conference.
2. Increase membership statewide.

The TSA service project raises funds and awareness for the American Cancer Society. During the school year, TSA chapters around the state raise money to help fund vital research, education, advocacy, and patient services of the American Cancer Society.

TSA activities are correlated to the Standards of Technology Literacy, as set by the International Technology and Engineering Educators Association (ITEEA). Secondary teachers can use TSA activities during the school day to extend learning beyond the classroom through a TSA chapter.
