Notes:

1. Due to FERPA regulations, and to protect the privacy of student data, groups of less than ten students are not reported. This is indicated by “n<10.” Percentages for small groups of less than 40 students are obscured by showing the range within which the percentage falls (e.g., 43% would display as 40-49%). Percentages that are close to 100% or 0% are also obscured.
2. Rates within an LEA or School may not add up to 100% due to rounding.
