

## Dark Sky

Today was the day Mr. Gomez was coming to buy a horse. Which one would he pick?	11
Ana had thought about nothing else for days. She knew her dad had to sell one of the horses she loved so much.	17
She was afraid Dad would sell Dark Sky, and she wanted to keep him for herself. So Ana was worried.	27
As Ana stood by the fence, she watched three young horses circle around the pasture. One horse could run faster and kick higher than the others. He had a shiny black coat and was named Dark Sky.	40
