

A Busy Bird

Carlos walked outside. He looked at his	7
favorite tree. He saw a bird in the tree.	16
The bird was busy. The bird had twigs in its	26
beak. The bird put the twigs on a branch. Then	36
the bird flew away.	40
It came back with more twigs. The twigs	48
were in a pile. The pile was getting bigger.	57
Carlos thought for a minute. Then he knew what	66
he saw. The bird was building a nest!	74
