NOTE: Teachers currently meeting state license and endorsement requirements for an approved applied or advanced course are qualified to teach that course

Current Courses Meeting the Criteria for Graduation Requirements

Applied, advanced, or equivalent courses may be added to the list using the following procedure and criteria.

Language Arts

Determined by the local school board and approved by Utah State Board of Education (USBE), using the following criteria.

- (i) courses are within the field/discipline of language arts with a significant portion of instruction aligned to language arts content, principles, knowledge, and skills; and
- (ii) courses provide instruction that leads to student understanding of the nature and disposition of language arts; and
- (iii) courses apply the fundamental concepts and skills of language arts; and
- (iv) courses provide developmentally appropriate content; and
- (v) courses develop skills in reading, writing, listening, speaking, and presentation.

Mathematics

Determined by the local school board and approved by Utah State Board of Education (USBE), using the following criteria.

- (i) courses are within the field/discipline of mathematics with a significant portion of instruction aligned to mathematics content, principles, knowledge, and skills; and
- (ii) courses provide instruction that leads to student understanding of the nature and disposition of mathematics; and
- (iii) courses apply the fundamental concepts and skills of mathematics; and
- (iv) courses provide developmentally appropriate content; and
- (v) courses include the five process skills of mathematics: problem solving, reasoning, communication, connections, and representation.

Science

Determined by the local school board and approved by Utah State Board of Education (USBE), using the following criteria.

- (i) courses are within the field/discipline of science with a significant portion of instruction aligned to science content, principles, knowledge, and skills; and
- (ii) courses provide instruction that leads to student understanding of the nature and disposition of science; and
- (iii) courses apply the fundamental concepts and skills of science; and
- (iv) courses provide developmentally appropriate content; and
- (v) courses include the areas of physical, natural, or applied sciences; and
- (vi) courses develop students' skills in scientific inquiry.

Social Studies

Determined by the local school board and approved by Utah State Board of Education (USBE), using the following criteria.

- (i) courses are within the field/disciplines of social studies with a significant portion of instruction aligned to social studies content, principles, knowledge, and skills; and
- (ii) courses provide instruction that leads to student understanding of the nature and disposition of social studies disciplines; and
- (iii) courses apply the fundamental concepts and skills of social studies; and
- (iv) courses provide developmentally appropriate content; and
- (v) courses develop students' skills in social studies inquiry.
