

## Stuck in the Snow

Josefina and her dad sat in the car. It would	10
not move. Its tires were deep in snow.	18
A man came by. He said, "I will push the	28
back of the car." He pushed hard. No good.	37
Another man said, "I will help too." They	45
pushed hard. No good.	49
Then a big tow truck came. The driver hooked	58
it to the front of the car. Vroom! The truck gave	69
one really big pull. The car was out!	77
